

Constructing Lines & Angles

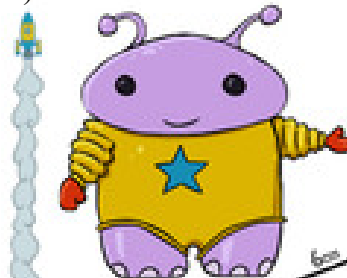

Space Rocket Activity

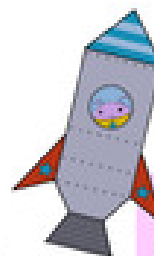

can you draw my rocket?

Attention : Aux États-Unis, ils utilisent un point au lieu d'une virgule pour les nombres décimaux.

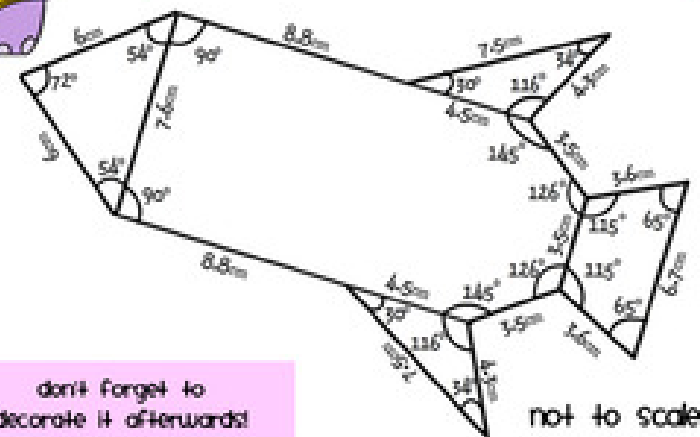

1°) Dessine cette fusée.

can you draw my rocket ship?
remember to use a ruler and
protractor to draw the lines and
angles accurately!

don't forget to
decorate it afterwards!

not to scale

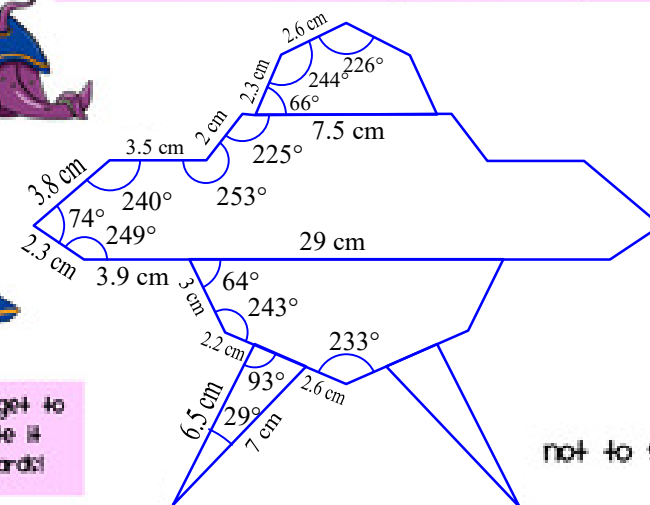

2°) Dessine ce vaisseau spatial.

can you draw my rocket ship?
remember to use a ruler and protractor to
draw the lines and angles accurately!

don't forget to
decorate it
afterwards!
